

## Applied American Sign Language Studies (9312)

### Associate of Applied Science Degree

This program is designed to give students a foundation in American Sign Language (ASL) and to acquaint them with basic issues of concern to the Deaf community. Furthermore, the program offers an opportunity to individuals already working in the Deaf community to increase their understanding of ASL and Deaf culture in order to strengthen their knowledge and their communication skills. This program will give students sufficient training to:

1. allow for effective communication with Deaf persons in informal settings in teaching, human services, or healthcare;
2. enhance their credentials for employment opportunities which do not require interpreter certification but do assign value to skills in ASL and knowledge of Deaf culture;
3. earn the academic qualifications for entry into advanced studies at universities offering sign language programs;
4. enter an interpreter training program, after which they may sit for a certification examination, sponsored by the national licensing organization.

Course	Title	Credit Hours
<b>First Semester</b>		
ASLI 1100	Introduction to American Sign Language I 	4
ASLI 1550	Deaf History and Culture 	3
COMM 1000	Effective Public Speaking	3
ENGL 1110 or ENGL 1111	English Composition I (A) <sup>1</sup> or English Composition I (B)	3
