

Associate of Technical Studies

Associate of Technical Studies Degree

Associate of Technical Studies (9701)

The Associate of Technical Studies (ATS) degree program is designed to accommodate associate degree candidates whose careers and career preparation lie in fields of concentration other than those offered by Lakeland. It permits students to have college credit awarded for occupationally related education and training which may have been obtained outside the traditional college sector.

Admission to associate of technical studies degree candidacy is by application. Students interested in any ATS program should contact the ATS counselor in the Counseling Center.

Degree programs exist in the following areas:

Computer Information Technology (9720)

The Associate of Technical Studies Degree in Computer Information Technology prepares or upgrades the graduate for career objectives requiring more than one computer-related specialization. Specializations can be combined from within, but not limited to, areas such as computer network support, computer user support, data information analysis, software design and development, web content design, and media studies. Available courses include those that prepare for industry certification from Oracle, Microsoft, CompTIA and Cisco. In addition to employment opportunities, students have the option to continue their education beyond the two-year associate degree program by enrolling in four-year programs at local universities.

Culinary Arts Technology (9730)

The Culinary Arts Technology Program is offered in collaboration with the International Culinary Arts and Sciences Institute (ICASI). Students who receive the certificate in Culinary Arts awarded by the International Culinary Arts and Sciences Institute (ICASI) are awarded 30 semester credit hours. The balance of the ATS program consists of 31 semester hours of general education, basic, and related core courses are offered by Lakeland.

Electrical Construction Technology (9712)

The Electrical Construction Technology program is a five-year Associate of Technical Studies (ATS) degree program offered in collaboration with the International Brotherhood of Electrical Workers (IBEW Local 673).

Electrical Technology (9710)

This program is designed for students holding a State of Ohio apprenticeship certificate as an industrial maintenance electrician or in a related area. Certificate holders shall be granted up to 24 semester credit hours towards the associate degree; the balance of the program shall consist of technology courses and general requirements specified by the Ohio Department of Higher Education.

Nuclear Medicine (9760)

This is a cooperative program with the Nuclear Medicine Institute (NMI) at the University of Findlay, Findlay, Ohio. Students complete a core curriculum at Lakeland prior to acceptance at NMI.

Radiologic Technology (9770)

This program is available to students who have completed a two-year hospital based radiologic technology program accredited by the Joint Review Committee on Education in Radiologic Technology. Applicants to the program must be certified by the American Registry of Radiologic Technologists.

Tool and Die Technology (9790)

This program is designed for students holding a State of Ohio apprenticeship certificate in machine tools or a related area. Certificate holders shall be granted up to 24 semester credit hours towards the associate degree; the balance of the program shall consist of technology courses and general requirements specified by the Ohio Department of Higher Education.

Associate of Technical Studies Degree Requirements

Students must earn a minimum of 20 credit hours in courses at Lakeland and maintain a 2.0 minimum grade point average (GPA). The minimum number of credits required for graduation is 60 semester credit hours. Since the Associate of Technical Studies (ATS) degree is a technical degree, students must also satisfy all curricular components of technical education programs as currently defined by the Ohio Department of Higher Education and Lakeland Community College.

Those standards require:

1. A minimum of 30 semester credit hours in technical education.
2. A minimum of 30 semester non-technical credit hours.
 - a. Minimum 15 credit hours of general studies

Course	Title	Credit Hours
ENGL 1110	English Composition I (A)	3
or ENGL 1111	English Composition I (B)
