

Geospatial Technology (9680)

Associate of Applied Science Degree

The Geospatial Technology Associate of Applied Science degree is designed to prepare students for careers in geospatial technology or for transfer to a bachelor-degree granting program in geospatial technology or a related field of study. The geospatial technology sector includes positions in geographic information systems (GIS), remote sensing, location analytics, mapping, and related areas. Geospatial technology is recognized by the U.S. Department of Labor as a high-growth career field, and this program will prepare students to enter the geospatial industry.
