

Associate of Arts Degree (9000)

Associate of Arts Degree

The associate of arts (AA) is normally pursued by students intending to transfer to a senior institution for the completion of a Bachelor of Arts or Science degree. Typical areas of study may include art, business, communication, economics, education, English, geography, history, journalism, modern languages, music, philosophy, photography, political science, prelaw, psychology, sociology, and social work. Students who complete this degree will also satisfy all requirements for the Ohio Transfer 36. See "Ohio Transfer 36 (<https://catalog.lakelandcc.edu/degree-certificate-programs/gnst/9099/>)."

The associate of arts degree requires successful completion of 61 semester credits with a 2.0 minimum grade point average (GPA).

Students must have been enrolled in and earned at least 20 semester credits at Lakeland Community College. Courses below the 1000 level are not applicable to degree requirements, e.g., ENGL 0111 Fundamentals of College Literacy, MATH 0745 Essential Skills for Algebra, etc.

Students must earn the 61 semester credits as listed below. **Students must successfully complete at least 36 of the total minimum 61 credits required for the degree from the courses listed in the Ohio Transfer 36** (<https://catalog.lakelandcc.edu/degree-certificate-programs/gnst/9099/>).

¹ FYEX 1000 First Year Experience is a degree requirement for all new first time in college students.

² English course selection is based on placement test results (ENGL 1111 English Composition I (B) is 4 credits, only 3 credits apply to the degree).

³ Placement into the appropriate Mathematics course is required. See here (<https://catalog.lakelandcc.edu/general/admission-registration-information/>). Students should consult with a counselor to select a mathematics requirement that will support their educational objectives and fulfill the mathematics requirement at the transfer institution.

⁴ BIOL 1010 Introductory Biology: Cells, Genetics, and Evolution, BIOL 1020 Introductory Biology: Organismic Biology and Ecology, BIOL 1030 Environmental Issues and Solutions, BIOL 1140 Human Biology, PHYS 1500 Astronomy and PHYS 1550 Everyday Physics are not lab courses.

⁵ BIOL 1200 Fundamentals of Biology for the Health Technologies is best suited for health technology students.

Electives

Students should consult with a counselor to select electives that will support their educational objectives. Elective credits should be focused for the most part in the Communications, Arts and Humanities, and Social and Behavioral Sciences categories.

Students may apply excess credits from each of the degree areas shown above to the Electives area.

Students should complete the remaining credits for the degree from either additional Ohio Transfer 36 courses or from any college-level courses as general electives.

(NOTE: The one-credit physical activity courses (PEHR 1101 Aerobic Conditioning through PEHR 1126 Suspension Training and DANC 1108 Basic Ballet through DANC 1110 Basic Modern Dance) cannot be applied to the degree requirements.)

Some four-year colleges require completion of one or two years of course work in Modern/Foreign Languages. Students should check to see if the institution to which they plan to transfer includes this requirement.

Students seeking to improve their computer skills/knowledge needed at Lakeland and elsewhere are encouraged to take ITIS 1000 Basic Computer Skills or ITIS 1005 Computer Essentials, which meets the Transfer Assurance Guide (TAG) requirement for Ohio's Articulation and Transfer Policy.

Ohio Guaranteed Transfer Pathways

The Ohio Guaranteed Transfer Pathways (OGTPs) enable students to streamline credit transfer among the state's public institutions of higher education to find the best pathways to degree completion and launch successful careers.

The OGTPs are designed to provide a clearer path to degree completion for students pursuing associate degrees who plan to transfer to an Ohio public university to complete their bachelor's degree. The OGTPs also constitute an agreement between public community colleges and universities confirming that community college courses meet major preparation requirements and will be counted and applied toward the bachelor's degree. Students still must meet all university program admission requirements.

A student who completes all of the coursework within a major-specific Ohio Guaranteed Transfer Pathway (OGTP) will be eligible to earn an Associate of Arts, Associate of Science, or Associate of Applied Science degree from an Ohio public community college. The completion of the OGTP will be recorded on the student's transcript, and upon transfer to an Ohio public university, all coursework taken as part of the pathway will transfer to the university toward the completion of a bachelor's degree in an equivalent field.

Students are encouraged to communicate transfer plans early and consult with a counselor to discuss the options available through the Ohio Guaranteed Transfer Pathways.
