

Associate of Science Degree (9100)

Associate of Science Degree

The associate of science (AS) degree program is normally pursued by students intending to transfer to a senior institution for the completion of a bachelor of science degree. Typical areas of study may include engineering, earth sciences, mathematics, physics, biology, chemistry, computer science, or pre-medicine. Students who complete this degree will also satisfy all requirements for the State of Ohio Transfer Module. See "Transfer Module (<https://catalog.lakelandcc.edu/degree-certificate-programs/gnst/9099>)."

The associate of science degree (AS) requires successful completion of 61 semester credits with a 2.0 minimum grade point average (GPA). Students must have been enrolled in and earned at least 20 semester credits at Lakeland Community College. Courses below the 1000 level are not applicable to degree requirements, e.g., ENGL 0111 Fundamentals of College Literacy, MATH 0745 Essential Skills for Algebra, etc.

Students must earn the 61 semester credits as listed below. **Students must successfully complete at least 36 of the total minimum 61 credits required from the degree from the courses listed in the Transfer Module** (<https://catalog.lakelandcc.edu/degree-certificate-programs/gnst/9099>):

Electives

Students should consult with a counselor to select electives that will support their educational objectives. Elective credits should be focused for the most part in the Mathematics and Natural Sciences categories.

Students may apply excess credits from each of the degree areas shown above to the Electives area.

Students should complete the remaining credits for the degree from either additional Transfer Module courses or from any college-level courses as general electives.

(NOTE: The one-credit physical activity courses (PEHR 1101 Aerobic Conditioning through PEHR 1126 Suspension Training and DANC 1108 Basic Ballet through DANC 1110 Basic Modern Dance) cannot be applied to the degree requirements.)

Some four-year colleges require a course in public speaking, which is COMM 1000 Effective Public Speaking at Lakeland. Students should check to see if the institution to which they plan to transfer requires this Transfer Module course.

Some four-year colleges require completion of one or two years of course work in Modern/Foreign Languages. Students should check to see if the institution to which they plan to transfer includes this requirement.

Students seeking to improve their computer skills/knowledge needed at Lakeland and elsewhere are encouraged to take ITIS 1000 Basic Computer Skills or ITIS 1005 Computer Essentials, which meets the Transfer Assurance Guide (TAG) requirement for Ohio's Articulation and Transfer Policy.
